Notes

- This summary includes all space assigned to the Academic Colleges
  - Agriculture and Engineering space totals reflect academic units only
    - Space assigned to an agency unit is not included, however the attached summary does include any prorated uses by the associated agencies in the space assigned to the academic colleges.
- Summaries reflect room type, not usage
  - Room types (office, research lab, classroom, etc) are summarized
    - The summary does not list the room uses (instruction, research, administration, etc)
    - i.e. Although no research space is summarized for the College of Business, research use does occur as it is conducted in other space (such as in offices or special use spaces) assigned to the college.
- Faculty and Enrollment data and associated analyses reflect Fall 2006
  - Fall 2007 data will be posted as it is available from OISP.
- Other data additions/updates will be made as the specific needs are identified.
- Specific data are available as reference for the elements summarized herein.
