## MEMORANDUM

**DATE:** February 25, 1993

**TO:** Chief Fiscal Officers, Public Universities

**FROM:** Landrum Hickman *LH*

**SUBJECT:** Fall 1992 Room Utilization data

As you may know, the Coordinating Board approved new utilization guidelines at its October 1992 meeting. The reported utilization of classrooms and class laboratories will no longer be limited to a 70 hour week. The entire week, all hours from Monday through Sunday, as reported on the CBM005 Building and Room Use Report will be considered when calculating weekly room hours. The Board decided that the standards for weekly room hours will remain at 38 hours for classrooms and 25 for class labs.

I have attached for your information two charts indicating average weekly hours of use for classrooms and class labs. If you have any questions on these charts or need further information, please call me at (512)483-6110 or Harry Montgomery at (512) 483-6124.
